

### GUIDED ECO TOUR WAIVER AND RELEASE OF LIABILITY

In consideration of **RIVERWITCH Kayak Rentals & Tours** (**RKR&T**) furnishing services and/or equipment and/or camping facilities to enable me to participate in kayaking, standup paddle boarding (SUP), camping or other recreational activities I agree as follows:

I fully understand that there are risks, hazards and dangers associated with the services and activities provided by **RKR&T**. These risks include, equipment failures, the uncertainties of the river or of the weather, hazards in the river, collisions while traveling by vehicle or on the river, altercations with other people on the river, including altercations with other participants in the same activity, and theft of property whether in or outside my vehicle. I am voluntarily participating in these activities and am using the services of **RKR&T** with full knowledge of the risks involved and I accept and assume all risks of the activities and services whether or not described above, known or unknown, foreseeable or unforeseen. I understand that these risks may include loss of property or injury to person or death.

I am physically/mentally able to participate in water sport activities in which I am about to engage and able to board and disembark a kayak/SUP unaided and I will not hold **RKR&T**, its employees, agents, endorsers or other associated parties responsible if I am injured as a result of ANY problems (medical, accidental or otherwise) which occur while paddling or riding in the kayak/SUP or participating in the trip.

I understand I have a duty to exercise reasonable care of my own safety and I agree to do so. I acknowledge that wearing a PDF (life jacket) may increase the chance to save my life and the life of any minor(s) in my care and I am responsible whether or not I decide for myself and minor(s) to wear a PFD (life jacket). I assume the risk of activities associated with paddling and for the minor(s) in my care. Per Florida State Law, all minors below the age of six years old are required to wear a PFD. Water shoes, insect repellant, sunscreen and water are my responsibility. I will alert my guide immediately during my trip or lesson if I am uncomfortable with my kayaking/SUP abilities.

I understand that the guides/instructors have limited medical facilities. Appropriate medical care must be summoned by phone and treatment will be delayed until I can be returned to shore and/or transported to a proper care facility.

I agree for myself and for all minors for whom am parent or guardian, for my heirs, successors and assigns, that I release **RKR&T**, its owners, agents and employees from any and all claims, damages, and injuries, including all injuries to person or to property, arising directly or indirectly out of the activities or services provided by **RKR&T**. This release and the following indemnification includes any claims arising, in whole or in part from negligent acts or omissions of **RKR&T**, its owners, agents or employees. I specifically understand that I am releasing, discharging and waiving any claims, expenses and demand, including attorney fees, or actions that I may have presently or in the future for the negligent acts or other conduct by the owners, agents, officers or employees of **RKR&T**, that are related, directly or indirectly, to my, or any minor for whom I am parent or guardian, use or participation in the services or activities provided by **RKR&T**. You have the right to refuse to sign this form and **RKR&T** has the right to refuse participation if you do not sign this form.

### Photo/Video Consent for Marketing Purposes

I understand that RWKRT periodically takes pictures and/or video footage of the rental area and surrounding waterways for the sole purpose of marketing the business on its website, social media channels and print publications. In the event that the customer knowingly or unknowingly appears in said picture or video footage, he/she gives his/her unrestricted permission to RWKRT to use such images, unless the customer states in writing that they do not want their image used for any purposes by RWKRT.

Instructions: Check each box on the left to indicate you received instruction. Enter N/A if topic is not applicable. **Paddlecraft** 

Noise, nuisances and other environmental concerns – Be respectful of others around you and of
the wildlife. Leave plants and animals where you found them. Do not land your paddlecraft on
private property, including docks.*
Manatee awareness (if applicable to location) – Keeping your distance and passive observation
are the best ways to view manatees. Maneuver your paddlecraft to avoid traveling over resting,
feeding and swimming manatees. Per State and Federal Laws, it is unlawful for any person, at any
time, intentionally or negligently, to annoy, molest, harass, or disturb any manatee. Doing so can
lead to possible fines and/or imprisonment.*
Ecosystem awareness based on local issues - Practice Leave No Trace. Don't litter. If you see
trash, help the ecosystem by picking it up and throwing it away in the nearest trash container. This
includes fishing lines and tackle. Stay clear of nesting birds.*
Specific operational characteristics of the vessel being leaser or rented – Fishing kayaks
include additional equipment that will be reviewed at time of rental.*
Local characteristics of the waterway where the leased or rented vessel is intended to be
operated, to include: Navigational hazards, boating restricted areas, water depths – Pay attention
to oyster beds and shallow areas that may be too shallow to paddle. Do not paddle directly in the
ICW channel.*

### **Offsite or Extended Period Use**

**Instruction on care and maintenance of the leased or rented vessel:** Trailering and transporting; float plans; how and when to complete a float plan; specific local hazards such as bodies of water, weather, dams, cold water, commercial vessel traffic – *Information to be reviewed at time of rental.*\*
